PROFESSIONAL SUMMARY

Electrical Technician and Electrician with 7+ years of combined Gulf and India experience, including 2 years in Dubai and 3 years in Saudi Arabia. Hands-on expertise in electrical installation, wiring, equipment troubleshooting, electrical and mechanical maintenance, site coordination, and safety compliance. Experienced in supporting project execution, resolving site-level technical issues, coordinating installation activities, and maintaining quality standards. Additional exposure to RO plant operations, equipment maintenance, and seawater-related project work.

CORE COMPETENCIES

Electrical Installation & Maintenance |Electrical Wiring & Termination |Electrical Troubleshooting
Mechanical Equipment Troubleshooting |Equipment Installation |Preventive Maintenance
Site Coordination |Facilities Maintenance |RO Plant Operations |Electrical Safety Compliance
Quality & Workmanship Standards |Work Scheduling & Execution |Site Issue Resolution
Project Support |Equipment Inspection |Basic Computer Skills

PROFESSIONAL EXPERIENCE

ELECTRICIAN

DUBAI, UAE

- Executed electrical wiring, installation, and equipment-related works across site activities.
- Troubleshoot electrical and mechanical equipment to identify faults and support timely corrective action.
- Coordinated on-site installation activities and ensured work was completed according to required standards.
- Applied safe working practices during electrical installation, maintenance, and equipment-related activities.
- Supported project scheduling and coordinated daily work activities to maintain efficient execution.
- Inspected completed work to ensure acceptable quality, safe installation, and proper functionality

RO PLANT OPERATOR

DUBAI, UAE

- Supported operation and routine monitoring of RO plant equipment and associated systems.
- Monitored equipment performance and assisted with identifying operational or equipment-related issues.
- Performed basic equipment checks and supported maintenance activities to maintain reliable plant operation.
- Followed workplace safety procedures and maintained clean, orderly operating conditions.

ELECTRICIAN

SAUDI ARABIA

- Performed electrical wiring, installation, maintenance, and troubleshooting activities across project and site environments.
- Diagnosed electrical and mechanical equipment issues and supported corrective maintenance.
- Directed and coordinated on-site electrical installation activities to support efficient project execution.
- Ensured completed electrical work met required quality, safety, and workmanship standards.
- Worked collaboratively with site teams to resolve technical issues and maintain work progress.
- Participated in a seawater project inside a villa, supporting electrical/project activities as part of a team.

ELECTRICIAN

BANGALORE, INDIA

- Performed electrical installation, wiring, maintenance, and troubleshooting activities.
- Assisted with equipment installation and electrical fault identification.
- Followed workplace safety procedures and maintained quality standards during electrical work.

ELECTRICIAN

CHENNAI, INDIA

- Supported electrical wiring, installation, maintenance, and troubleshooting activities.
- Assisted with site-based electrical tasks and equipment-related maintenance.
